\$400 per session MSSC family; due at registration; can pay in installments  
\$15 per night drop-in

This is an 11% increase over last year's fees; however, we are paying the City 23.6% more per hour of ice, and we are using 7.7% more ice than last year (NOT including the additional advanced practice on Tuesday nights).

This will result in a shortfall of ice fees collected, versus ice payments made to the City. Our checking account will allow us to absorb this shortage this season in order to avoid a large increase in ice fees this year.

*J. Dukes: 7/28/05*
